We would like to cordially invite you to the first Import & Export Trade Show and Conference for the "Europe - Middle East - Africa" market.

EMEA IMPORT & EXPORT 2019
19 - 20 MARCH 2019
CONSUMER GOODS & LOGISTICS
STATION BERLIN CONVENTION CENTER - HALL 4/5/6

We welcome manufacturers, suppliers, producers and service providers in the **consumer goods and logistics** sector from the EMEA region to present their products, meet with industrial partners, explore current market trends and take advantage of development opportunities – all under one roof!

Parallel to the fair the «**EMEA Import & Export Conference 2019**» under the title «**Entering a New Market**» will provide our participants with practical first hand information on export and growth. Among the confirmed speakers are representatives of the WTO and the European Commission.

The aim of the event is to connect companies from Africa and the Middle East with European companies and give them **contacts and information** that will help them achieve their goals in the emerging export markets and build strong **international partnerships**.

Through our trade fair and conference our exhibitors, visitors, partners and sponsors will get the chance to meet their **future partners in trade** and take the plunge into a broad and diverse market that is just waiting to be explored.
